Case Studies

Tabletop Refractory Design

Pyrotek's thermally insulated tabletop refractory system decreases maintenance downtime, thermal gradients, and fracturing.

More info

TF Combo Bags

Pyrotek's thermally formed (TF) combo bags are rigid at standard casting temperatures for up to 90 minutes.

More info

LOTUSS System

LOTUSS system installation delivered immediate results in this company's recycling problem-areas.

More info

See Yourself @ Pyrotek

An important part of Pyrotek's work culture is seeing each employee as more than what they were hired to do and what can be captured in a job description.
